Disclaimer

This presentation contains "forward-looking statements", as the phrase is defined in Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These statements relate to the Company's 2014 targets, its new dividend policy, its plans in Italy, its goal to deleverage and improve its credit ratings and its aim to improve cash flow potential. The forward-looking statements are based on management's best assessment of the Company's strategic and financial position, and future market conditions and trends. The forward-looking statements assume that there are no unexpected adverse currency changes and regulatory actions and a stable macroeconomic environment in the Company's countries of operation. These discussions and assumptions involve risks and uncertainties. The actual outcome may differ materially from these statements as a result of continued volatility in the economies in the markets in which the Company operates, unforeseen developments from competition, governmental regulation of the telecommunications industries and general political uncertainties in the markets in which the Company operates and/or litigation with third parties. There can be no assurance that these risks and uncertainties will not have a material adverse effect on the Company, that the Company will be able to grow in line with its targets or that it will be successful in executing its strategy and achieving its objectives. Further, there can be no assurance that the Supervisory Board will approve any future dividend payments, the amount thereof or the timing of dividend payment approvals. Certain factors that could cause actual results to differ materially from those discussed in any forward-looking statements include the risk factors described in the Company's annual report on Form 20-F for the year ended December 31, 2012 filed with the U.S. Securities and Exchange Commission (the "SEC") and other public filings made by the Company with the SEC, which risk factors are incorporated herein by reference. VimpelCom disclaims any obligation to update developments of these risk factors or to announce publicly any revision to any of the forward-looking statements contained herein, or to make corrections to reflect future events or developments.
